Fraction Fun by David A. Adler Fraction Fun is a crazy looking book about fractions being used in a variety of ways. The first part of the book is just an intro about fractions, but the rest are filled with lessons that can be done in the class to help students understand fractions in more settings than just a pizza. Fraction Fun: David A. Adler, Nancy Tobin: 9780823413416 ... David A. Adler, a former math teacher, wants children to understand how much fun math can really be. He and illustrator Nancy Tobin have collaborated on two other books introducing math concepts, Fraction Fun and Shape Up. Fraction Fun by David A. Adler | Scholastic Using items such as pizza, this book introduces the subject of fractions in an entertaining way.

Fraction Fun-part of the book Fraction Fun by David A. Adler This is only the beginning of the book....the end of the book was too advanced for my first graders. Fraction Fun book by David A. Adler Fraction Fun is a great picture book to introduce fractions to a classroom. David Adler explains the concept of fractions by using slices of a pizza pie. Then by engaging the reader into a simple and fun activity, called Pizza Math, the children learn how fractions can be more than, less than, and equal to each other. Fraction Fun by David A. Adler | multiplication.com Fraction Fun by David A. Adler and illustrated by Nancy Tobin is a great way to introduce your child to fractions! Adler does a great job explaining that a fraction is a part of something and that we use them all the time! Using themes children are familiar with, like ages and pieces of pizza, fractions become something that children can understand.

Fraction Fun - David A. Adler - Google Books David A. Adler, a former math teacher, wants children to understand how much fun math can really be. He and illustrator Nancy Tobin have collaborated on two other books introducing math concepts, Fraction Fun and Shape Up! Mr. Lesson using Fraction Fun by David A. Adler | mathlanding.org Use benchmark fractions and number sense of fractions to estimate mentally and assess the reasonableness of answers. For example, recognize an incorrect result  $2/5 + 1/2 = 3/7$ , by observing that  $3/7 < 1/2$ . Fraction Fun A story about fractions to help students learn more about how fractions are found in their every day life. This video was made for Ed. 385.

Fractions Lesson Plans & Worksheets Summary: A fun game that will allow students to practice their fraction and percent skills. This is a variation of an indoor game of basketball. Using a Nerf ball or a wadded up piece of paper, students line up in 4 or 5 teams (about 5 to a team).
